PLANNING LAW & ORDER

Legal Issues & Trends in the National Capital Area

The National Capital Region has long been a leader of innovative planning, despite the various legal frameworks used by its jurisdictions. Join a panel of legal and planning experts as they examine the region’s legal authorities, how these authorities shape approaches to planning, and their impacts on achieving shared goals. Attendees will learn how planning laws vary between Maryland, Virginia, and the District of Columbia; the role of federal and regional entities; and how current trends may influence these laws.
